

**2500 Lakeview Condominium  
Windowwall Replacement and Concrete Restoration Work  
Consultant's Activity Report: April 19, 2008 through May 14, 2008**

**HR CDC Activities:**

- Complete updated estimate of probable cost (DD-Phase).
- Request revised proposal from MTH for installation of PTAC units.
- Solicit proposals for exterior renderings from two vendors.
- Request Board consensus on view angle for rendering.
- Receive/review rendering proposals; respond to both with questions.
- Begin projected project budget through CY 2009 (FY 2009?)

**CTL Group Activities:**

- Begin development of detailed specification sections.

**ELARA Energy Services Activities:**

- Follow up to ensure the delivery of GE Zoneline PTAC unit to 2500 Lakeview as part of the ongoing process to set up and test demonstration units.
- Additional follow up with GE's delivery company re: incomplete shipment. (GE sample unit will be re-shipped)
- Communications with HR CDC regarding the demonstration units and the construction document phase.
